Get my apartment's leaky faucet fixed today

	Discovery	Request	Match	Service	Payment	Review
Thoughts	I need someone nearby right now 	This is exactly the filter I need Are any of these people reliable?	He looks like he can fix my problem Can I trust this person with my address and keys?	I must be aware of him while he is working	Okay, he did a good job, I'll pay him 	How can I rate him? 
Doing	- Spots water leaking under the sink - Shuts off the valve and puts a bucket under the sink - Texts the landlord - Opens Vello app	- Looks for plumbers who are free today - Selects "Handyperson" filter	- Browses available local providers - Compares price, reviews and distance - Read all the detailed information about the provider, including previous reviews - Book the time and date for the service	- Provider arrives at the doorstep - Stays nearby while Devon works	- Look at the total to pay - Review Vello service fee - Pay to the plumber	Looking for a way to rate Devon in app
Touchpoints	Kitchen sink Messaging application Vello app	Vello Home Category filter	Provider list Booking button Provider profile and reviews	Arrival notification The door handle In-app chat with Devon	Receipt detail card Wallet	Post-job notification Rating screen
Pain points	- Landlord doesn't reply - Doesn't know where to find help - Doesn't know how serious it is or what it will cost	- Unsure how to describe the problem - Doesn't know where to find help - Doesn't know how serious it is or what it will cost	- Reviews come from strangers - No idea if or when Devon will accept	- Unclear arrival time - Feels he has to supervise a stranger	\$71 is more than expected - The service fee appears only at the end - No way to tell if the price is fair	- Can't find where to rate - No way to recommend Devon to neighbors inside the app - Would have to search again next time
Opportunities	"Need help fast" shortcut	"Available now" filter on by default	- A "3 neighbors in your building used Devon" badge - A set price or price range per job type	Live ETA	- Include the fee in the estimate from the start "What neighbors paid" as a comparison	- Rating prompt right after payment "Vouch for Devon" to the building "Book Devon again" on Home

Fragile Trust Flag

This is the moment where the user transitions from browsing digital cards to **inviting a stranger** into their private home
